BLACKBOX - 500

BLACK BOX FOR YOUR PC

High Efficiency PC Power Supply

We all know what is BlackBox?
Virtually indestructible, it constitutes the most crucial component
in airplanes.

Wouldn't you like a similar solid box for your PC, Servers,
Gaming PCs?
Presenting FINGERS BlackBox-500 PC Power Supply SMPS
for your PC.

This static converter is engineered with Advanced technology
and is designed for PC, entry-level Servers, entry-level Gaming
PCs based on system configuration. High Quality, Rugged,
Stable, Reliable - BlackBox-500 is all of these and so much
more. The quality and experience start from inside the
high-power, high-efficiency BlackBox-500 SMPS and surprises
you with performance outside.

500
WATTS
PEAK
POWER
(DC)

HIGH EFFICIENCY with RELIABLE PERFORMANCE

The FINGERS BlackBox-500, critical to the PC system, delivers 500 Watts (DC) peak power. Designed with superior quality components and engineered with high-speed logic circuits, it delivers unparalleled performance and seamless multitasking.

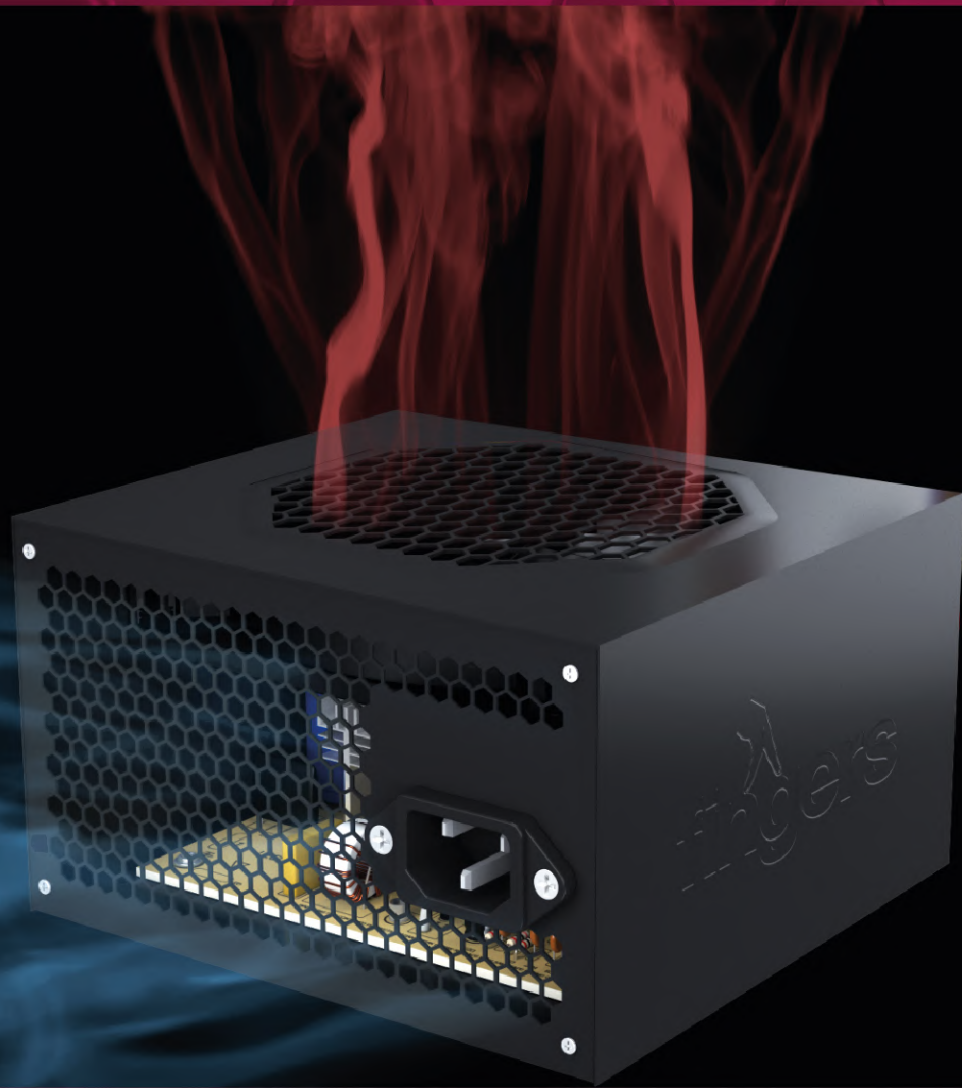

Multiple power protection is integrated to ensure safety and for added peace of mind. Additionally, it is equipped with dedicated +12 V that ensures hassle-free experience of balancing the components across multiple power cables.

TRULY DEPENDABLE

Integrated with high quality components, it makes the PSU more reliable and delivers long working cycles.

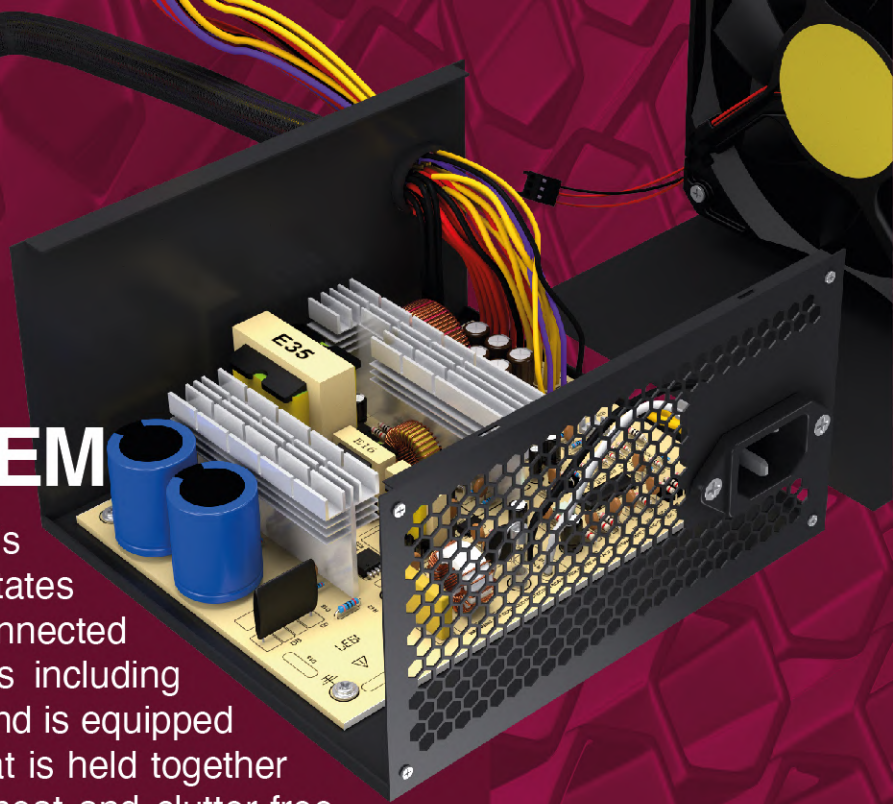

EFFICIENT HEAT VENTILATION

Bundled with large diameter 120 mm thermally controlled Fan, it spins a maximum speed of 1800 RPM smoothly thereby cooling the PC system and prevents it from getting overheated. Consequently, extending the lifespan of the PSU.

VERSATILE CABLING SYSTEM

No matter which device is connected, BlackBox-500 facilitates seamless connection. It can be connected to various hardware configurations including PCIe cards and storage devices. And is equipped with ATX 20+4 pin power cable that is held together with Nylon Mesh Shielding, for a neat and clutter-free system. The cables are long enough to be installed easily in even in full-height tower cases.

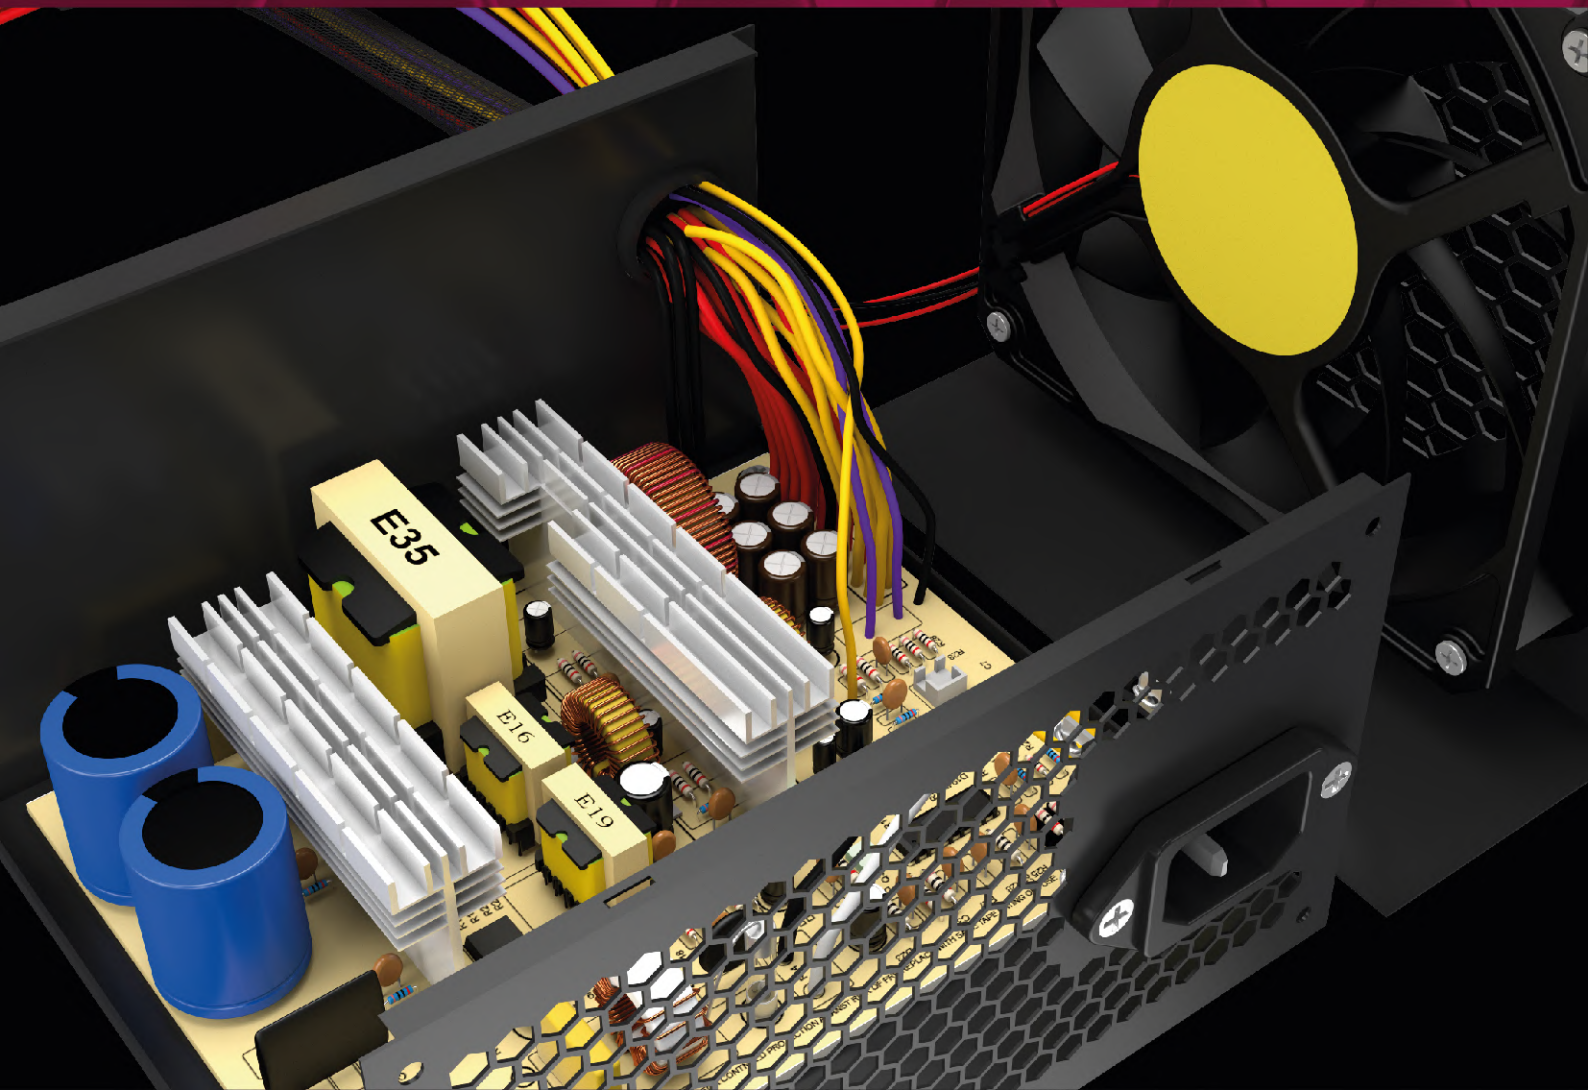

STRONG YET SOPHISTICATED

Built with sturdy and rugged structure, BlackBox-500 is encased in a metal with rich black finish, coupled with black-sleeved cables & black connectors that exudes premium, professional look.

- Output Power (DC): 500 W Peak
 - Cable Gauge: 18 AWG
 - Chassis Colour: Black
 - Designed for superior performance and seamless multi-tasking
 - 1800 RPM 12 cm Cooling FAN for efficient heat ventilation
 - Superior quality components for better reliability and long working cycles
 - Metal casing with strong structure
 - 52 cm ATX 20+4 pin Power Cable with Nylon Mesh Shielding
-
- Suitable for flexible hardware configurations & upgrades
- 1 x 20+4 Pin (24 Pin, ATX Connector)
1 x 4+4 Pin (8 Pin, CPU Connector)
4 x 4 Pin (SATA Connector)
3 x 4 Pin (IDE Connector)
1 x 4 Pin (FDD connector)
2 x 6+2 Pin (8 Pin, PCI-e Graphics Connector)

BLACKBOX - 500

High Efficiency PC Power Supply

Type	PS2
Wattage / Output Power (DC)	Peak 500 W
Input Voltage	180 - 260 V AC
Input Current	5 A
Cable Gauge	18 AWG
Connector Colour	Black
Power Cable Length	1.2 m
Weight	1.1 kg
Dimensions	150 (W) x 86 (H) x 140 (L) mm
Colour	Black
In the Box	- FINGERS BlackBox-500 - Power Cord - Screw Set - Brand Note
