E26AM - 2MP Wi-Fi PT Camera

720P
Standard Security Camera

1080P
Using the CP Plus Ezykam+ Camera 360

2MP Full HD Video

Designed to represent an enhanced picture quality in full HD video so that every detail can be viewed with vivid clarity and a pixilated video feed can be avoided.

360° View

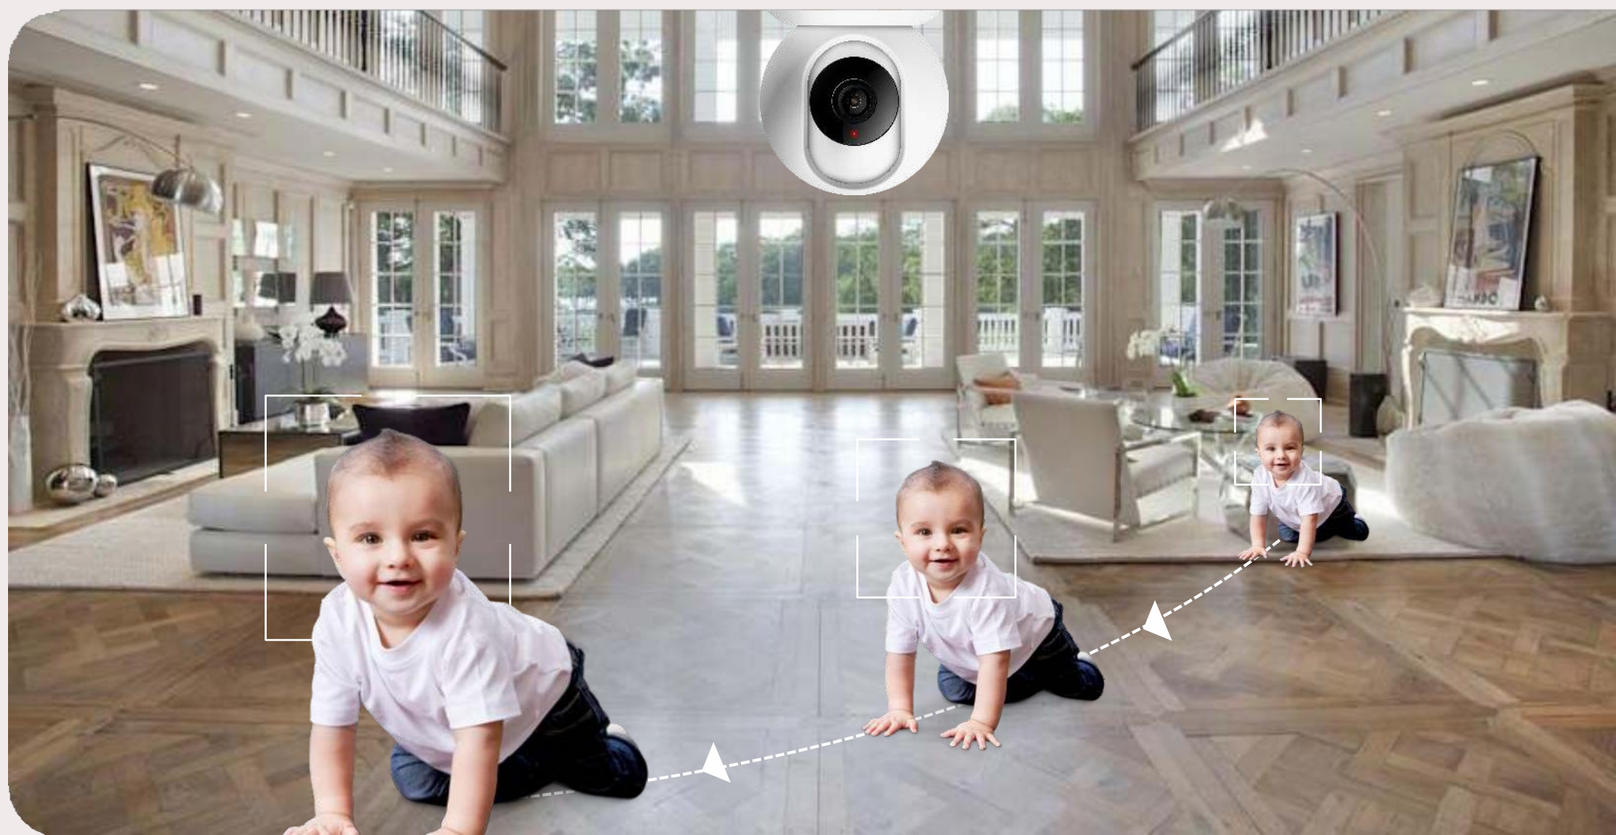
The camera rotates full 360°, making it convenient for you to view the room from every angle and keep an eye all over the place even when you are away from home.

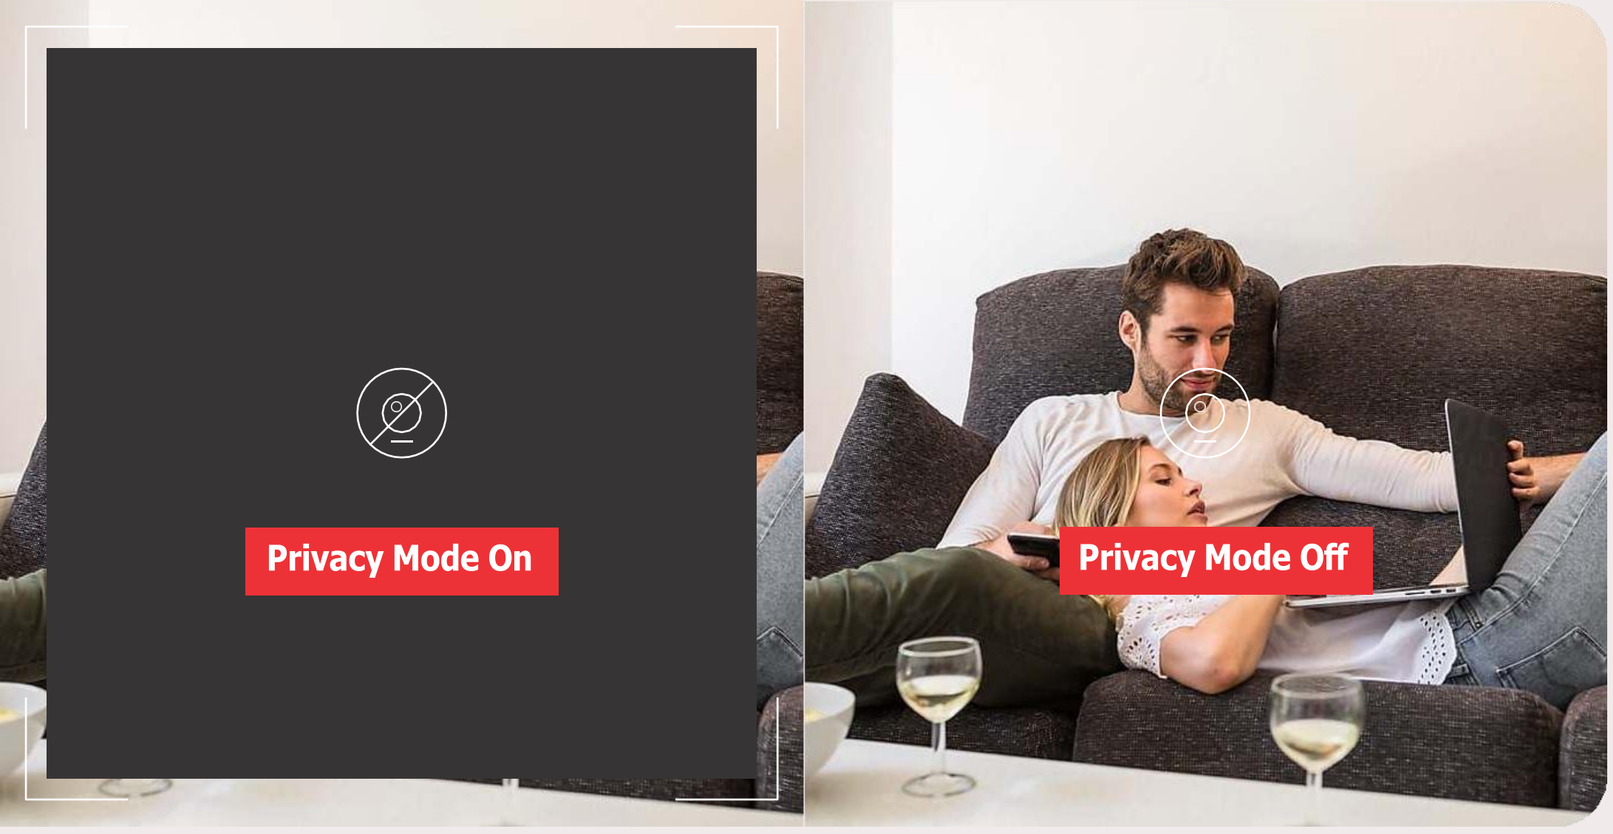
Human body Detection

Designed to provide human detection and intelligent alerts, which means only being alerted only when the need occurs as the camera detects people as opposed to animals, passing vehicles, or other inanimate moving objects.

Supports Motion Tracking

Whenever unexpected motion is detected in the video frame, the camera has been devised to rotate automatically to track the movement of people and record it to investigate later.



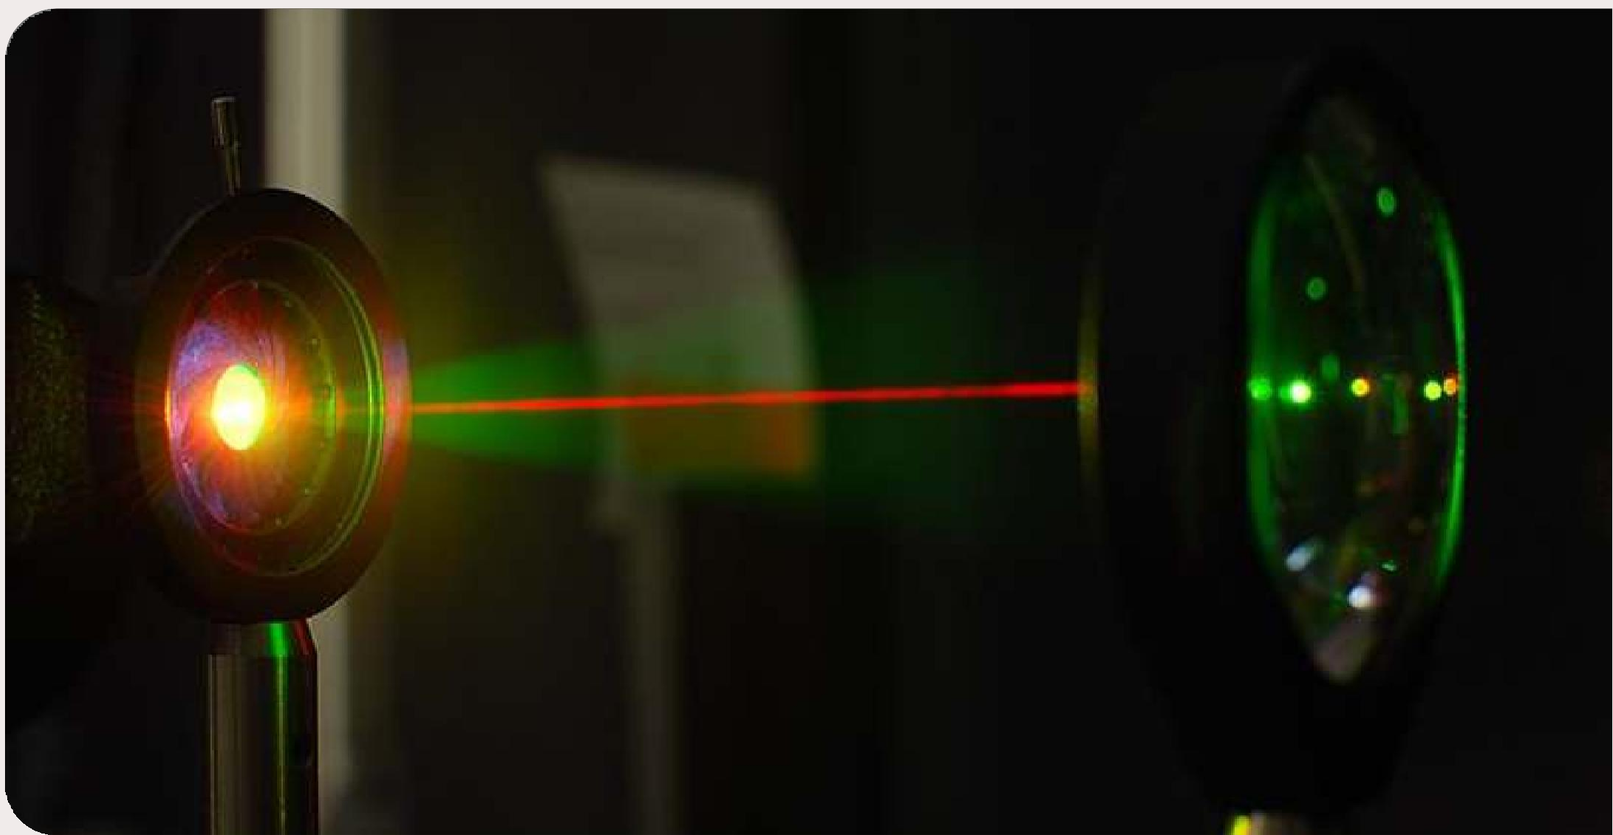


Privacy Mode

Using privacy mode, you can block the camera view & recording to maintain privacy.

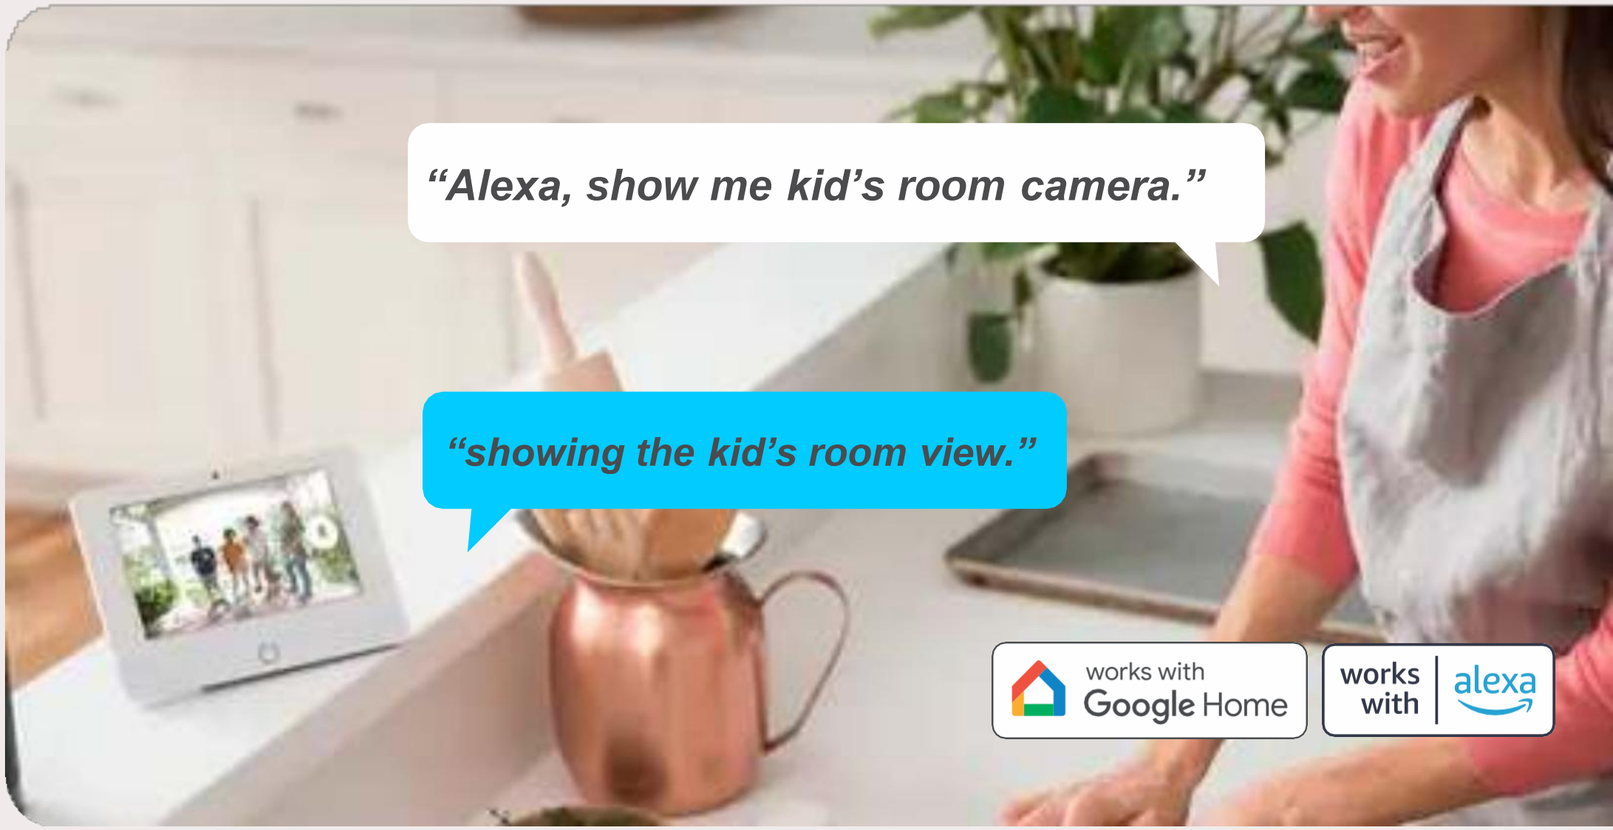
IR Lights

In areas of low illumination &/or dark places, infrared lights help to present a clear video feed even at night, increasing and enhancing the visibility of the lens to capture every detail.



Alexa and Google Supported

The CP PLUS EzyKam also works with both Alexa & Google Home, which lets you integrate your surveillance solution with your smart home system, meaning that with a simple voice command, you can now view your camera feed live on TV or smart phone.



Specification - E26AM

Feature	Specifications
Image Sensor	2MP Progressive Scan CMOS Image Sensor
Resolution	1920 x 1080
Min Illumination	0.1 lux
Frame Rate	15fps
Video Mode	HD/SD
Lens	4mm
Picture Adjustment	Contrast, Brightness, sharpness are adjustable
Video Compression	H.264
Stream	Dual Stream
Picture Flip	Support
Audio Compression	PCM
Audio	Two way Audio
Wireless	Support WPA and WPA2 encryption
Frequency Range	2.4 GHz
Pan & Tilt Range	Pan: 355°, Tilt: 85°
